

By **J.J. Guex MD**, Chair Organizing Committee  
and **E. Rabe MD, PhD**, Chair Scientific Committee

**1300 delegates, 500 oral presentations, 5 full days**

**UIP50** - the XVI<sup>o</sup> World Meeting of the Union Internationale de Phlébologie - is **THE** meeting where you can update your knowledge in Phlebology and where you can meet colleagues from the whole world.

The final program is now available on the website:

**[www.uip2009.eu](http://www.uip2009.eu)**

where you may also finalize your registration online.

## What's cool at UIP50 Monaco

**Social program at UIP50:**

*learn mediterranean secrets*

Whether you choose to create your own perfume fragrance with Galimard's in Grasse, or decide to learn how to cook Provençale, Niçoise, or Monegasque (from Monaco) cuisine with Chef Charles Semeria at the Vista Palace, or to visit the landmarks of the Riviera, we have it all.

Check on the web site and book online or call Pierre at **+377 97 97 35 55**

## UIP50 extras

Registration to UIP50 entitles to a free «Monaco meeting®» booklet, full of discounts and bargains in restaurants, shops, museums and more.

For delegates, transportation by Monaco bus authority is free (if you don't want to use the Principality's impressive network of city elevators or don't want to walk in Monte Carlo's shopping streets... which would be a pity).

Most hotels are within walking distance from the Grimaldi Forum but most of them also have shuttle buses that can drive you there.

## What's new at UIP50 Monaco

### DIAGNOSTIC APPROACH OF VENOUS MALFORMATIONS

«Be aware the venous malformation would come to you with no warning, which is one of the most confusing and challenging issue to the clinicians»  
*BB LEE (USA) says.*

**Prof. BB Lee (USA)**,  
Discussant **Mark Meissner (USA)**

*Expert Session on Monday*  
**7.30 - 8.45**
