SPONSORSHIP PROSPECTUS

CONGRESS WEBSITE: www.iua-eurochap2010.eu
Dear Partner,

The 19th Eurochap meeting of the International Union of Angiology will be held in Paris, in September 2010, and it is a great pleasure to welcome you to participate actively in this special event, which will associate with the 9th World Congress for Microcirculation and take place simultaneously with the 9th Annual Congress of the Société Française de Médecine Vasculaire.

On this occasion, vascular surgeons and physicians interested in vascular diseases from all over Europe and abroad will meet to share the progress of the vascular science and the development of new techniques and procedures. Symposia on diagnostic and therapeutic innovations will combine with state of the art sessions and high level postgraduate courses where the scientist and the clinician, the senior expert and the junior investigator will all together build a comprehensive and stimulating view of the vascular world, a world working hard for the improvement of the life of the patients suffering from arterial, venous, lymphatic or microvascular diseases.

We look forward to sharing with you, in constructive partnership, the preparation and the achievement of a congress that will be a very special and memorable event for the vascular world.
